ICEBERG IceCubes™

Simple. Simple to plan. Simple to install. The revolutionary IceCubes partition system takes the guesswork out of the workstation space planning process, and the time out of installation.

Whether on a tight schedule or on a tight budget, IceCubes are the contemporary solution for workstation needs.

The available colors will blend with and enhance any décor. Panel size choices allow you to configure workstations any way you like.

IceCubes Revolutionary Features:

Extraordinary Durability - Constructed of Resinite®, which is blow molded High Density Polyethylene, the panels won't scratch or dent and will withstand the toughest work environment. The panels are washable and anti-microbial.

Quick/Easy Installation - The unique Universal Link Connector System allows the panels to be installed in any desired configuration; linear, right angle, 3 way, 4 way, or any angle. Every panel includes required system hardware for quick, screwdriver-only installation.

Customization - Save valuable desk space using accessory panels and sound absorbing tackable panels - Add available accessories such as paper sorters, shelves, phone mounts and coat hooks to meet your specific needs.

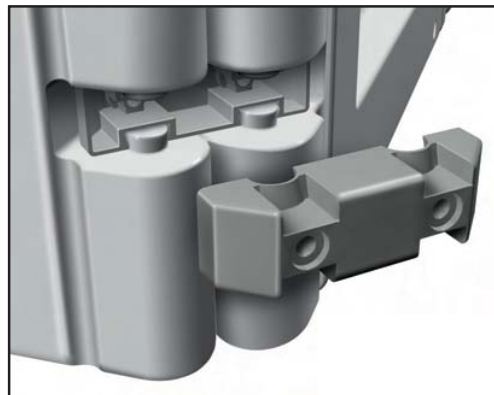

Compatible - Since the IceCubes partition system is freestanding, it can be used with any furniture series.

Recommended for:

- Call Centers
- Warehouses
- Hospitals
- Government Agencies
- Any office environment requiring quick set up or ease of reconfiguration.

C o n n e c t i o n

The Universal Connectors, included with each panel, allow for installation in any layout. No need to waste time determining the right parts to complete the job. Just determine the size of the job, order the desired number of panels and the system is ready for assembly, using only a screwdriver. Use a single style connector, Universal Link, to configure any layout desired. All connectors and hardware are included with panels.

Color shown on cover, Platinum. On this page, Platinum.
At right, Charcoal.
